

GET INVOLVED!

Make origami to reflect on LGBTQ rights, draw with Hew Ma in nature, drink tea & eat traditional Kurdish food, time travel to your relatives with jewellery, play video games & wear masks on the catwalk, break & heal pottery, play with projection in Great Zimbabwe, learn about climate change inside a den and make shadow puppets in the deep ocean.

You can explore the building at your own pace and stay as long as you like. Some rooms are small so you might have to wait for a little while. Please ask questions, take photos, share thoughts, go your own way and have fun!
